

Supply of OMR Paper, Marking of Student OMR Paper, Offline and Online student scores and records

Prepared by: Engr. Lawal Adewole Jimoh
4b, Idak-Akpo Street, Off Ikpa Road Uyo
Uyo, Akwa Ibom State, Nigeria

Type of Business: ICT (OMR ANSWER SHEET AND MARKING)

Title of Supply: Supply of OMR Paper, Marking of Student
OMR Paper, Offline and Online student scores
and records

Period of Performance: We shall serve the your Institution as long as
our service is deem fit and reliable

Technical Point of Contact: Engr. Lawal Adewole Jimoh

1.0 ABSTRACT

JIM POLYTECHNIC IT Unit has a proven ability to Use and Manage the OMR Marking Machine from different manufacturers and able to use the software for the student's database manage both for online and offline Record keeping. Customers - from different Primary, Secondary, Colleges of Educations, Polytechnics and Universities has rely on our digital platform methodology to create, deliver, promote and protect their student Examinations and internal examinations conducted by the Schools and achieve their desired goals.

2.0 BACKGROUND, OBJECTIVE, AND TECHNICAL APPROACH

2.1 Background

OMR devices work with a dedicated scanner device that shines a beam of light onto the form paper. The contrasting reflectivity at predetermined positions on a page is then used to detect the marked areas because they reflect less light than the blank areas of the paper.

OMR devices use forms which are preprinted onto 'transoptic' paper and measure the amount of light which passes through the paper, thus a mark on either side of the paper will reduce the amount of light passing through the paper.

In contrast to the dedicated OMR device, desktop OMR software allows a user to create their own forms in a word processor and print them on a laser printer. The OMR software then works with a common desktop image scanner with a document feeder to process the forms once filled out.

2.2 Objective

OMR OCR software is a smart application based on Optical Character Recognition (OCR) technology to recognize optical marks (checkmarks). The application offers a user with a swift, accurate and flexible solution for processing of OMR based sheets as compared to hardware based tools like image scanners. Typical applications of OMR technology include the processing of questionnaires, ballots, educational tests and reporting, and ordering sheets, where the documents to be processed are form-like and filled in by hand by respondents.

OMR OCR Software uses scanned copy of OMR sheet using any standard scanner and provides 100% accurate result and export data into Text and Excel formats. It is not scanner or design specific. Rather, it supports any design of OMR sheet and any model of flatbed or ADF scanner.

Supply of OMR Paper, Marking of Student OMR Paper, Offline and Online student scores and records

TECHNICAL APPROACH

OMR Software is based on OCR Engine Platform. The underlying OCR engine is modified to suit the requirements of OMR sheets pattern for capturing the user input as marked in the sheets.

Features and benefit of OMR System (Including planned updates)

Work-Flow

Applications

- Educational tests and reporting
- Ballots
- Community surveys
- Consumer surveys
- Evaluations/Feedback
- Data compilation
- Time sheets/Inventory counts
- Membership subscription forms
- Lotteries/Voting
- Geo-coding (e.g. postal codes)
- Mortgage loan, Banking and

- Allows parameters like Question Booklet series number, Answer sheet number, Registration number, Centre code etc to be darkened on the answer sheet.
- Supports high speed ADF scanner to give a satisfied output with more than 2500 pages per hour.
- Supports more than one correct answer.
- Supports result publication online, off-line, through directed e-mail and directed SMS to respective candidates.
- Supports printing of rank cards, mark-sheets, progress reports, analysis reports and charts etc.

Supply of OMR Paper, Marking of Student OMR Paper, Offline and Online student scores and records

3.0 STATEMENT OF WORK

We shall be able to perform all task listed below according to your wish at a cost minimal and function to your taste in rendering services at its best for your institution.

3.1.1 Task

3.1.2 Task 1

Supply of OMR Paper If not Available

We deem it possible and easy to help your firm to design a good and durable OMR Paper at an affordable cost. This will be essentially necessary if your institution do not have one at hand.

3.1.3 Task 2

3.1.4 Marking and Recording of student scores both offline and Online

We build and maintain students record database both offline and online for both test and examinations

3.2 Schedule

We are certain that we can provide results of every test and examinations within 24hours or week of taking such tests or examinations

4.0 FACILITIES

1. OMR Sheet Design & Printing
2. OMR Answer Sheet Checker Software
3. Software interface
 - OMR Answer sheet checker for Test Checking
 - OMR Form Reader for Application forms
 - Question Page

Supply of OMR Paper, Marking of Student OMR Paper, Offline and Online student scores and records
